- Monitor progress and report on project status to senior management.
- Liaise with project managers, architects, engineers and other stakeholders to ensure project requirements are met.
- Conduct regular site inspections to identify and address any issues or concerns.
- Implement and enforce quality control procedures to ensure work meets specified standards.
- Maintain accurate and up-to-date project documentation, including daily reports, progress photos and site records.

Requirements:

- SMSTS (Site Management Safety Training Scheme) qualified.
- First aid qualified.
- Proven experience as a Site Manager or similar role in the construction industry.
- Strong leadership and communication skills.
- Excellent organisational and time management abilities.
- Ability to work effectively under pressure and meet deadlines.
- Knowledge of health and safety regulations and best practices.
- Proficiency in Microsoft Office suite and construction management software.
- Valid driver's licence.

Benefits:

- Competitive salary and benefits package.
- Opportunities for career advancement and professional development.
- Supportive and inclusive work environment.
- Exciting projects and challenging jobs.
- Employee wellness programmes and company-sponsored events.
